BOOK SYNOPSIS

From Toy Story to The Good Dinosaur, some of the most iconic and hilarious moments in Pixars films were first conceived by the artists featured in this book. But there are hundreds of gags that dont make it past the cutting room floor, like Frozone cooling some beers with his breath and Sadness wearing mom jeans. Funny! explores this material in depth, showcasing classic moments from all of Pixars films to date, plus never-before-published illustrations and doodles from the Pixar archives. With an introduction by veteran story man Jason Katz, this book is a must-have for any Pixar fan.
